

## **MMTCP Scholarships**

The Sounds True Foundation provides a limited number of need-based scholarships for qualified applicants, to cover the full tuition of the Mindfulness Meditation Teacher Certification (MMTCP) Program.

Scholarship applications are accepted, reviewed, and awarded on a biannual basis, the year prior to the commencement of the next program cohort. The awards cover the entire tuition costs of the 2 year MMTCP program, and one of the two prerequisites- The Power of Awareness program. The scholarship does not cover any costs associated with completing the retreat prerequisite.

Eligible applicants must be 18 years of age or older and can live anywhere in the world, but must demonstrate a commitment to completing the entire program and its requirements. The following criteria is used to determine scholarship awards: financial need, # of dependents in household, extenuating circumstances, and the ability to bring MMTCP practices into the world, specifically to communities that don't normally have access to these resources.

*All applicants will be notified in the Fall prior to the course commencement.  
Scholarships are non-compensatory and are not renewable or transferable.  
Previous scholarship recipients cannot re-apply.*
